Past President of Indian Association of Medical Informatics (www.iami.org.in) 2006-9

Papers published around 30 and over 250 presentations in national and International Fora

EXPERIENCE IN INFORMATICS AND TELEMEDICINE:

1. Have made an EMR application **Medic Aid**
Current activities of SATHI
 - Telemedicine Based Vision Care Centres (already present at 10 places in Mizoram) where trained OAs give supportive care and fix appointments for eye problems in the absence of an eye surgeon. We have showcased huge benefits mainly through decreasing and sometimes obviating a need for travel
 - **Telemedicine Based Limb Care Clinics** –Trial centres at AIIMS as Well as Goa Medical Centres are running. More are under discussion
 - Training videos for Plastic Surgeons
 - Developing low cost Connectivity options including for Video Conferencing
2. Conducting telemedicine programmes in Mizoram and also Goa /Maharashtra – which are soon being expanded to other states – currently working on creating a project similar to our

successful post tsunami project for Nepal quake affected areas

3. Involved in setting up Ehealth and Healthcare Standards for India - Member of the standards committees (MHD 16 for Wound care and Bandages, as well as MHD 17 Healthcare Informatics and EMR) of BIS - Bureau of Indian Standards (www.bis.org.in)
